

## Paper Bead Making with Faye Heininger | Intermediate 2 Part Series | 16 July & 19 July 2023

### Unique jewellery

I make beads from paper and turn them into jewellery and accessories. My jewellery is lightweight, comfortable, beautiful and are bespoke creations. I am always looking for sustainable materials to include in my bead creation and accessories and the “making” process.

This workshop has been designed for adults with some paper bead making experience or who have completed the beginners’ paper bead making workshop.

### Workshop outline

The workshop will be a two-day course, session 1 will be a four-hour session where you will learn to make the paper beads and session 2 will be a two-hour session where you will focus on building and creating your necklace and earrings.

To find out more go to our Events Webpage | **Cost:** BMI member \$110, Concession \$120, Regular fee \$130.  
The workshop is a 2 day course.
